

Terms of Service

Last updated on October 25th, 2021

1. By using this website you agree to be bound by the following terms and conditions (the “Terms of Service”) and our privacy policy located synbio.upf.edu/crispr-a/PrivacyPolicy.pdf (the “Privacy Policy”).
2. We reserve the right, at our sole discretion, to modify, add or remove portions of our Terms of Use or Privacy Policy.
3. As long as you comply with these Terms of Use, we grant you a personal, non exclusive, non-transferable, limited privilege to use this website.
4. This website allows you to simulate gene editing outcomes in your target and assess the quality of gene editing experiments using next generation sequencing (NGS) data.
5. You retain your rights to any Content you submit to our website.
6. This experimental service is provided “as is”. We make no express or implied warranty of any kind about the accuracy of the outcome. Therefore, we will appreciate any scientific feedback about the results provided by our algorithms.
7. You agree that you will not copy, modify, create any derivative work, reverse engineer or otherwise attempt to derive source code, algorithms or behavior of this website.
8. When submitting content to our website we will use your content for the sole purpose of creating a database of genomic sequences that will allow us to check, tune and improve our website. We will not make any further use of your content or transfer it to any other third party. You can ask us to remove your content anytime by sending as an email to synbio@upf.edu.
